

# CA Clarity™ PPM For U.S. Federal On Demand

CA Clarity PPM for U.S. Federal On Demand helps government agencies and contractors meet complex regulatory mandates and improve program management. It gives you a real-time view into important initiatives and resources so you can ensure programs are delivered on time, within budget, and in compliance. These are all important benefits that help you operate in a leaner and more efficient manner.

## Business Value

It's critical for you to better manage multiple contracts, meet OMB requirements and capture necessary funding. To achieve this, many government agencies are looking for a PPM solution — but they're hesitant because of perceptions that these solutions are complex, costly and hard to adopt. CA Clarity PPM for U.S. Federal On Demand dramatically reduces these risks by giving you an easy PPM starting point without the cost and complexity of on-premise software installations.

## Solution Overview

CA Clarity PPM for U.S. Federal On Demand helps you meet compliance mandates and efficiently manage initiatives. This is done through a suite of functionally rich project and portfolio governance capabilities that have been specifically designed for government agencies. By leveraging best practices in program management and industry standards, such as OMB ANSI 748 and CPIC (OMB Exhibits 300 and 53), CA Clarity PPM for U.S. Federal On Demand lets you execute programs with control and predictability so you can minimize waste and effort.

## Delivery Approach

When it comes to deploying PPM, no other organization can provide the depth of expertise, breadth of services, and cadre of partners to assure your success. With no software or hardware to purchase, install and maintain, CA Clarity PPM for U.S. Federal On Demand is ready to use in a matter of days, not months. This offers you freedom to focus on agency goals instead of the painstaking maintenance of technology infrastructure, software upgrades, backups and more.
